3 Service Offerings

Shabaas's payment platform enables you to make one-off and recurring payments in real-time, as well as the holding of funds pending future instructions to process a payment (a purchased payment facility or 'PPF').

3.1 PayTo

Shabaas provides both recurring and one-off automated payment services relying on PayTo via Australia Payments Plus with a superior payment experience. See www.payto.com.au.

In relation to the services described above ShaBaas has defined below limits

- a) Per Transaction Limit: A payments made by ShaBaas Pay App at participating business will be capped at AUD \$1,000 per transaction per end consumer.
- b) Daily Limit: A payments made by ShaBaas Pay App at participating business will be capped at AUD \$2,000 per day per end consumer.

3.2 Payout

Shabaas provides services to businesses for the instant and efficient disbursement of payments where our Clients pays funds into your bank account in real time.

In relation to the services described above:

- Shabaas uses Azupay who are sponsored by Cuscal Limited ABN 95 087 822 455 (Cuscal), an authorized deposit taking institution (ADI) under the Banking Act 1959 (Cth), to access the NPP as an Identified Institution (NPP payouts, PayID delivery and NPP receivable payments).

- All payments are cleared and settled by Cuscal under to its ADI authorization and related contractual arrangements with Shabaas and Azupay.
- The PPF is a purchased payment facility for the purposes of section 9(1) of the Payment Systems (Regulation) Act 1998 (Cth).
- Shabaas has outsourced the holding of stored value to Azupay and Cuscal such that they are the holder of stored value in respect of the PPF for the purposes of section 9(2) of the Payment Systems (Regulation) Act 1998 (Cth).
- Shabaas is not a bank and does not offer banking services. The Shabaas Platform receives and pays funds on your behalf and in accordance with your instructions when such funds are settled by the Acquiring Institution.
- Shabaas holds client funds on trust separately from its corporate funds in an account managed by Azupay and Cuscal. The funds are not covered by the Financial Claims Scheme.
- Azupay may earn interest (payable to it by Cuscal) in respect of any amounts held in this account.
- Cuscal does not provide bank accounts to merchants or their customers and does not have any contractual relationship with merchants or their customers.

4 Service Benefits

Shabaas's services aim to streamline payments and reduce the costs associated with legacy payments platforms and processes. The benefits of our Services include:

- Operational efficiency: Receiving and sending payments is simple and easy to do.
- Improved customer experience: Future transactions can be fully automated for billers while wallets and eCommerce sites can offer one click payments.
- Control: More control and visibility over your recurring payments.
- Affordable: Eliminate transaction surcharges, reduce your cost of purchase and pay a low, flat per-transaction fee, not a percentage of your purchase.
- Real-Time Settlement: Pay your funds in real-time, transactions settle 24/7, 365 days a year and know the recipient will recognize funds immediately.
- Secure: Leverage your bank's existing security process, all transactions are pre-validated with real-time fraud monitoring and detection.

5 Risks

The Risk of our Services include:

- **Fraud:** While our solutions remove many opportunities for fraud by ensuring your bank authenticates you before confirming payments, fraud may occur if you approve a payment, you did not intend, such as if you are subject to a scam. It is your responsibility to check details of the payments you make. If you approve a payment, you did not intend it may not be possible to return these funds to you.
- **Payment network risk:** There is a risk that the payment partners and payment network that Shabaas uses to provide the Services may be unavailable for a period of time. This means you may not be able to use some or all of the Services through the Shabaas Platform for a period of time while the payment partners or payment network is interrupted.
- **Counterparty default risk:** There is a risk that a person with whom Shabaas has a contract in relation to the provision of the Services (such as payment partners and payment networks) may fail to meet their contractual obligations. If this happens, you may not be able to use the Services as designed, and this could result in loss.
- **Liability:** You will be liable for any unauthorized payments and you should take proper precautions to protect your password and/or security details.
- **Suspension/reversal of transactions and suspension/termination of your account:** We have the right to suspend or reverse certain transactions or suspend access to the Services for a range of reasons. We may do this where we suspect criminal or illegal behavior, or other regulatory reasons.

6 Master Services Agreement Risks

Shabaas has entered into a Master Services Agreements with merchants for the provision of Services to you. Merchants will undertake an onboarding process and integrate their system with our API. We recommend that you consider seeking independent legal advice before entering into either any agreement with a merchant for the provision of Services through the Shabaas platform, as the terms and conditions are important and affect your dealings with us.

7 Fees And Charges
